

# MAINE LIGHT HOUSE TRAIL

## \$89

Our day begins with a visit to Nubble Light, one of the most photographed lighthouses on the Maine Coast. Our next stop will be at the Lighthouse Depot, the world's largest lighthouse gift and collectable store. Then it is on to visit the Portland Headlight and learn why George Washington commissioned a fort at this point and ordered a signal fire to be lit. You will see the lighthouse on Rams Island as well as Two Lights at Cape Elizabeth. Our next stop will be the lighthouse at Spring Point. Several lighthouses will be seen today, while learning how the lighthouses are maintained and the many chores of the lighthouse keepers. We end the day with a New England lobster dinner, featuring: salad bar, baked potatoes and dessert.
