

NH Tea Party Patriots

## Tax Day Tea Party II - Washington DC April 14-16, 2010

Are you tired of the Congressional spending-spree and their blatant disregard for responsible tax dollar management?

Are you disgusted and frustrated as Congress ignores us?

Do you want your voice to be heard - *before* it's too late?

Come with us, *Patriots*, and let Congress hear you while they are in Session!

If you are from New Hampshire, or can get here, we are chartering a bus that will depart from the Manchester area, headed to the DC Tax Day Tea Party II (*if we get more than 55 people, we may charter an additional bus*).

The organizers of this event are hoping to surpass 1 million people and to have a *larger* gathering than the inauguration of President Obama.
